Education

Haldia Institute Of Technology

Bachelor of Technology in EE (Specialization in Electrical Engineering)

December 2020 – Present

Haldia, West Bengal

GPA : 7.26

Haldia Govt. Spons. Vivekananda Vidyabhawan(H.S)

Intermediate, WBCHSE Board

April 2018 – March 2020

Haldia, West Bengal

Boards Percentage : 70.6%

Haldia Govt. Spons. Vivekananda Vidyabhawan(H.S)

Matriculation, WBBSE Board

April 2017 – March 2018

Haldia, West Bengal

Boards Percentage : 75%

Experience

ORIGIN TECH

IoT Project Development using Industry Grade Microcontroller

- Successfully completed an intensive Industrial training program in Electronics appliances and workshop.

P.W.D

Industrial Training on 11kV 440V Distribution

- * Successfully completed an intensive Industrial training program in 11kV 440V Distribution.

Projects

Calorimeter | *HTML, CSS, JAVASCRIPT, DJANGO, REACT*

Project Link

- Calorimeter is a virtual tool that helps users track their calorie intake and expenditure to maintain a healthy lifestyle. in HTML, CSS, JavaScript, Django, Python.
- Calorimeter is a user-friendly website dedicated to helping individuals track and manage their daily calorie intake. With a comprehensive database of diverse food items and a user-friendly interface, it enables users to easily log their meals and monitor nutritional values. The website also offers personalized recommendations and insights to support users in achieving their health and fitness goals. Calorimeter stands out as a versatile online platform that not only assists users in counting calories but also provides valuable insights into their nutritional habits. The website features a user-friendly interface where individuals can seamlessly input their daily meals, making it convenient to monitor their overall nutritional intake. Its extensive database covers a wide array of food items, including various cuisines and dietary preferences, ensuring accuracy in calorie tracking.

The website goes beyond basic calorie counting by offering personalized recommendations based on individual health goals, whether it's weight loss, muscle gain, or maintaining a balanced diet. Calorimeter's intuitive charts and graphs visually represent users' nutritional data, aiding them in identifying patterns and making informed dietary decisions. Additionally, it keeps users motivated with achievements, milestones, and timely reminders, fostering a supportive environment for adopting healthier lifestyle habits.

Calorimeter understands the importance of community engagement in achieving fitness objectives. Users can connect with like-minded individuals, share success stories, and seek advice, creating a sense of camaraderie. Regular updates and new features keep the website dynamic and responsive to evolving health and wellness trends, making it a go-to resource for those committed to managing their nutrition effectively..

Tic Tac Toe Game | *Developed a simple console-based game in C programming*

Technical Skills: MS-Word, MS-Excel, MS-Powerpoint, SQL, DBMS, C, C++, Data Structures & Algorithms
