Personal Projects

News Website (12/2021 - 01/2022)

A simple website which tells the latest news of any data input in it. I have used Context API for data fetching. I have used react hooks to make it responsive.

HTML, CSS, Bootstrap, ReactJs

Weather.io (05/2022 - 05/2022)

A website which tells the current weather of the city by fetching the data from the API. I have used API from open weather.

HTML, CSS, JavaScript, Bootstrap, Node Js, Express Js, API

Simple Static Portfolio Website (02/2022 - 02/2022)

simple basic portfolio website describing about me and my skills. It is one of my practice projects to be more confident in coding java script. It is hosted on netlify.

HTML, CSS, JavaScript

Certificates

Barclays Skills Certificate (08/2021 - 12/2021)

Full Stack Development (Training by College) (06/2022 - 10/2022)

Udemy SQL Course (05/2022 - 05/2022)

Languages

English, Hindi
