HARSHINI RAO

PROFILE

I am a keen, hard working, reliable and excellent time keeper. I'm also creative and a quick learner who can adapt to the working environment quickly. Previously I ran my own baking page on Instagram where I was exposed to work under pressure and I can proudly say I work brilliantly. Since I handled everything single handedly I was able to learn how to manage time, money and social media also.

EDUCATION

2021
