PROFILE

As a recent graduate specializing in Linux systems administration and AWS, I possess a strong foundation in deploying and maintaining Linux environments. My hands-on experience includes essential Linux commands, shell scripting, and troubleshooting. With practical knowledge of AWS services such as EC2, S3, and VPC, I am eager to contribute as a Linux and AWS Engineer, bringing a commitment to excellence and adaptability to dynamic IT environments.

PROFESSIONAL SKILLS

LINUX SKILLS

- Knowledge in booting and shutdown procedure.
- Good knowledge of File system management and ACL.
- trouble shooting Linux, User and Group Management, having knowledge of Creating LVM.
- Installation and up gradation of OS, Kernel and additional packages using RPM and YUM.
- Configuring crontab and scheduling the jobs. Having knowledge to give file permission.
- Having knowledge in making link.

AWS SKILLS
