About Me

Enthusiastic and results-driven biology graduate with a strong academic foundation and a passion for scientific research. Currently balancing the joys of motherhood with the pursuit of professional development. Skilled in laboratory techniques and scientific analysis, with a solid understanding of biological concepts. Eager to leverage my educational background and problem-solving abilities in a dynamic work environment. Committed to continuous learning and personal growth, I am excited to contribute my skills while navigating the challenges and rewards of parenthood.

Education

- Frang Bardhi 2010-2013 'High School Natural Science'

Completed a rigorous curriculum focused on natural sciences, including biology, chemistry, and physics. Developed foundational knowledge of scientific concepts and principles while honing critical thinking and analytical skills. Engaged in laboratory experiments and research projects that fostered a strong interest in the biological sciences and provided practical experience in scientific methodologies.

- Hassan Prishtina 2013-2018 'Faculty of Mathematical and Natural Sciences'

I have a strong foundation in biological sciences, including proficiency in laboratory techniques, data analysis, and research methodologies. My academic experience has equipped me with critical thinking and problem-solving skills, making me well-prepared to contribute effectively in scientific research and related fields. Eager to apply my knowledge and skills in a professional environment and continue my growth in the biological sciences.

Experience

- Optic 'Moda' 2020-2022

Manager

As the Manager at Optic Moda, I oversee daily operations and lead a dedicated team to ensure exceptional customer service and product quality. My responsibilities include managing inventory, optimizing sales strategies, and implementing marketing initiatives to enhance brand visibility and drive revenue growth. I foster a positive work environment through effective communication, staff training, and performance evaluation, aiming to exceed both customer expectations and business objectives. My leadership has contributed to improved operational efficiency and a strong customer loyalty base.

- Social Explorer 2020-2022

Data Analyst

Conduct in-depth analysis of complex datasets to identify trends and generate insights related to social and demographic information. Produce comprehensive reports and visualizations that support strategic decision-making and enhance user engagement.
