## OBJECTIVE

Looking for a challenging role in a reputed company to utilize my skills that can contribute to the company's growth as well as enhance my knowledge by exploring new things.

## SKILLS

- Core Java
- Oracle SQL
- OOPS
- Quick learner
- Problem-Solving
- Time management
- Team player and leader
- Strong Communication

## PROJECT

### TITLE :

Credit card fraud detection using Naïve Bayes Algorithm in ML

### DURATION:

3 months

### PROJECT OBJECTIVE:

- Detecting credit card fraud transactions in real time or near time.
- As the existing applications take longer time to detect fraud cases, it is much difficult to detect new fraud cases and prevent them.
- In this project detecting new fraud cases is much easier and if the transaction is detected to be fraud, it will immediately stop the process.
- This application can be used by banks to identify fraud cases and improve new safety measures.

## EDUCATION

### SECONDARY SCHOOL

St Mary's girl's higher secondary school (2017-2018)

Percentage: 95%

### HIGHER SECONDARY SCHOOL

St Mary's girl's higher secondary school (2018-2019)

Percentage: 71%

### B.E-COMPUTER SCIENCE

Mahendra Engineering College (2019-2023)

Percentage: 85%
