# ABOUT ME

***My name is Amrit Arora. I am a Content Writer and a Content Strategist.***

I'm a graduate in Finance, a Nutritionist by profession and a writer at heart. You must be thinking, she's so confused?

But no, I firmly believe you can be good at more than one thing in life and if you are good at something, you should definitely pursue it.

I decided to pursue Nutrition because of my love for Health, Wellness and Fitness. Writing had always been my first love, but due to other projects in life, it took a backseat.

Now, I'm all pumped up to date my first love again. So, Let's see what all I have in store for you?

## CLIENT REVIEW

*Amrit was a pleasure to work with. initially, there was a bit of communication error, which once conveyed was like a breeze. Amrit writes very ethically and professionally, very fast to work with and believes in full client satisfaction. She understands the type of dialogue that needs to be written and then matches the tone of the paragraph directly to the clients personality. Would definitely recommend Amrit to everyone looking for a good writer*
