crio.do/learn/portfolio/dennissixx3/

### SKILLS

Programming -  
**JavaScript(ES6+),HTTP, HTML5, CSS3, REST, React.js, Bootstrap, Material Ui**

OS - **Windows, Linux , macOS**

VCS - **Git , GitHub, GitLab**

Tools - **VS Code, Postman**

### EDUCATION

**B.tech (Agricultural Engineering)**  
**North Eastern Regional Institute of Science and Technology - 7.4 CGPA**  
**2015-2022**

### EXPERIENCE

- Fellowship Advance Full Stack Training(Crio.do)** December,2023-Present  
*Comprehensive Training in HTML, CSS, JavaScript, and React Technologies*
- Mastered **front-end** and **UI development** through practical coding exercises and projects.
  - Collaborated effectively** with peers and mentors, exchanging ideas and refining coding techniques.
  - Demonstrated **commitment to continuous learning**, adapting to new technologies and best practices.
  - Utilized **version control systems** and **collaboration tools** for efficient project management.
  - Applied **problem-solving skills** to resolve complex technical challenges, ensuring project success.
  - Engaged in **collaborative project work**, emphasizing **user experience** and **attention to detail**.
  - Embraced a culture of **continuous improvement**, actively seeking and implementing feedback to enhance skills and project outcomes.
  - Tech Stack: **HTML5,CSS3,Javascript,Bootstrap,React.Js**

### PROJECTS

- QTripDynamic (Code)** April, 2023- May, 2023  
*Dynamic Travel Website with Adventure Browsing and Reservation Capabilities*
- Dynamic Web Pages:** Leveraged **HTML5** and **CSS3** to create captivating web pages, enhancing the user experience with dynamic content achieved through JavaScript.
  - Enhanced UX:** Improved user experience through the implementation of multi-select filters and engaging image carousels, ensuring seamless navigation and exploration of adventures.
  - LocalStorage Integration:** Utilized **localStorage** to persistently store and manage user preferences at the client-side, enabling a personalized browsing experience across sessions.
  - JQuery for Form Submission:** Employed **JQuery** to streamline the reservation form submission process, enhancing user-friendliness and interactivity.
  - Deployment Expertise:** Successfully deployed the website on both **Netlify** and **Heroku**, ensuring high availability and robust performance for online users.

- Buildout - XBoard (Code)** June,2023-July,2023  
*Dynamic News Feed Website*
- Full-Stack Development:** Built XBoard from the ground up using **HTML5, CSS3, Bootstrap, JavaScript**, and **JQuery**, ensuring a seamless and responsive user interface.
  - Design Implementation:** Translated design requirements from Figma files into a visually appealing and intuitive user interface, paying attention to every detail to enhance user experience.
  - Interactive UI Elements:** Integrated **Accordions** and **Image Carousels** to improve the user interface, providing an engaging and interactive browsing experience for news readers.
  - API Integration:** Utilized **REST API** to fetch news content directly from Flipboard's RSS feed, ensuring that XBoard features the latest and most relevant news articles for the selected topics.
  - Efficient Deployment:** Deployed the website on **Netlify**, ensuring high availability and seamless access for users, showcasing my proficiency in deployment strategies.

---

## QKart Frontend (Code)

July, 2023- Aug, 2023

*React.js E-commerce Application*

- **Core Logic Implementation:** Developed and implemented the essential logic for **user authentication, shopping cart management, and checkout processes**, ensuring a seamless and secure shopping experience for customers.
  - **Responsive UI Design:** Enhanced the user interface using **React.js**, integrating **responsive design elements** to provide a consistent and engaging experience for customers across a wide range of devices, from desktops to smartphones.
  - **Dynamic Data Rendering:** Utilized **REST APIs** to dynamically load and render product data served by the backend server, enabling real-time updates and ensuring that customers always have access to the latest product information.
  - **Efficient Deployment:** Successfully deployed the website on **Netlify**, leveraging its robust hosting capabilities to ensure high availability and optimal performance for online shoppers.
-
