EDUCATION

G Narayanamma Institute of Technology and Science

Shaikpet, HYD

Computer Networks and Information Security/M.Tech

2022

- CGPA: 7.0

Bharat Institute of Technology and Science for Women

IBP, HYD

Electronics and communications /B.Tech

2016

- CGPA: 6.5

PROJECT EXPERIENCE

- Worked on Deep learning and Machine Learning models in a project to gauge the effects of Cyber attacks or Intrusions. As a part of this, processed a dataset of 200 GB to obtain the relevant features which will work on different ML algorithms, trained multiple Neural Networks to assess the efficiency and accuracy.
- Achieved optimal results by completing a project based on java which included collecting and classifying tweets with the selected keywords in real-time.
- Gave presentations at the inter college level on multiple topics including Electronics, AI and, IoT.
- Worked on a project at DRDL, Hyderabad, on Telemetry as my Major for my bachelors degree, in a team of three.
- Interned at Supraja Technologies where we worked on Ethical hacking.
- Collaborated with team of 3 in a task. Came up with the idea and outline for the same. Written a paper to document and present. Awarded best in a class among other teams.
- Monitored a class of 60 students for two years in UG.

SKILLS

- Python, Java, C/C++, Data Structures and Algorithms, HTML, MS Office

Interests: Reading and Writing, Solving puzzles, Photography, Learning new skills, Art/Sketching, Astro-science, Psychology, Travel.
