accurate and insightful answers to various academic questions from students around the world.

## TRAININGS

### **Foundation Of Digital Marketing And E-Commerce**

Coursera, Online

Jul 2023 - Jul 2023

The Foundation of Digital Marketing and E-Commerce training provides us with a comprehensive introduction to the fundamental concepts, strategies, and tools used in the digital marketing and e-commerce landscape. I learn about the core principles of digital marketing, including SEO (Search Engine Optimization), SEM (Search Engine Marketing), email marketing, content marketing, and social media marketing.

### **The Science Of Well Being**

Coursera, Online

Nov 2022 - Nov 2022

The training on "The Science of Well-Being" is a comprehensive and evidence-based program that focuses on understanding the factors that contribute to individual well-being and happiness. I explore various aspects of psychological well-being, including positive emotions, resilience, mindfulness, and the impact of gratitude and positive thinking on overall happiness.

### **Introduction To Game Design**

Coursera, Online

Sep 2022 - Nov 2022

The training on "Introduction to Game Design" provides participants with a comprehensive overview of the fundamental principles and processes involved in creating engaging and interactive games. I learn about the core principles of game design, including player psychology, game mechanics, gameplay loops, and the importance of balancing challenge and reward to create an enjoyable gaming experience.

### **Game Design And Development 2: 2D Platformer**

Coursera, Online

May 2022 - May 2022

The training on "Game Design and Development 2: 2D Platformer" is a specialized program that focuses on teaching how to create and develop a 2D platformer video game from start to finish. I learn about the specific mechanics and elements that define a 2D platformer game, such as character movement, jumping, collision detection, and gravity physics.

### **The Sustainable Development Goals**

Coursera, Online

Feb 2022 - Feb 2022

The training on the Sustainable Development Goals (SDGs) provides an in-depth understanding of the global framework for sustainable development adopted by the United Nations. I

gain insights into the 17 SDGs, which encompass a wide range of interconnected goals, including eradicating poverty, promoting gender equality, ensuring access to quality education and healthcare, combating climate change, and fostering sustainable economic growth.

PROJECTS
