  Completed in 2017

About Me

"I recently received a degree in Btech-Computer science, and I have strong abilities in C,C++." I have gained a thorough understanding of relevant knowledge through my academic studies and [internship/volunteer experience. I have strong observation and communication skill that enable me to work cooperatively and successfully with others. I am also a quick learner and detail-oriented person. In order to contribute to a dynamic team and improve my career in software engineer, I am hoping to make the most of my talents and expertise.
